

TA-TU

TA-TL

TA-TF

TA-PI

CHARACTERISTICS

- Ratchets and wire connectors for vineyard trellises, tree crops, livestock fencing, etc...
- Easy and quick to install.
- Reusable.
- High resistance to weathering.
- Compatible with the most commonly used wires.
- Variety of formats and units availables.

APPLICATION EXEMPLES

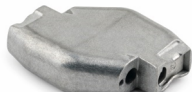

1.RANGE				
ITEM	CODE	PHOTO	DESCRIPTION	MATERIAL
1	TA-TU		Universal ratchet Wire diameters: 1,4 ÷ 2,2 1,8 ÷ 3,2 3,3 ÷ 4,2	 Zamak
2	TA-TF		Endline ratchet Wire diameters: 1,8 ÷ 3,2	
3	TA-TL		Linear connector Wire diameters: 2,3 ÷ 3,0	 Aluminium
4	TA-PI		Contractor tool	 Steel

2. INSTALLATION DATA

2.1 TA-TU

Universal ratchet

				Material
				
				Zamak
Installation Data				
CODE	PHOTO	Wire diameters [mm]	Limit load [kg]	Loosening wrench*
TATU01 TATUP01		1,4 ÷ 2,2 (0,06" ÷ 0,09" / 17 SWG ÷ 14 SWG)	300	✓
TATU02 TATUP02		1,8 ÷ 3,2 (0,07" ÷ 0,13" / 15 SWG ÷ 10 SWG)	400	✗
TATU03 TATUP03		3,3 ÷ 4,2 (0,13" ÷ 0,17" / 10 SWG ÷ 7 1/2 SWG)	600	✓

* Including 5 loosening wrenchs without handle

2.2 TA-TF

Endline ratchet

				Material
				
				Zamak
Installation data				
CODE	Wire diameters [mm]	Limit load [kg]	Loosening wrench *	
TATF02 TATFP02	1,8 ÷ 3,2 (0,07" ÷ 0,13" / 15 SWG ÷ 10 SWG)	400	✗	

2.3 TA-TL

Linear connector

Material

Aluminium

Installation data

CODE	Wire diameters [mm]	Limit load [kg]
TATL02	2,3 ÷ 3,0 (0,102" ÷ 0,114")	400

2.4 TA-PI

Contractor tool

Material

Acero

Installation data

CODE	Valid para	Description
TAPIA	Universal ratchet (TA-TU) * Endline ratchet (TA-TF) *	Robust design: Manufactured from tough materials to ensure long-lasting durability, withstanding daily wear and tear without compromising performance. Superior mechanical advantage: Elongated handles provide a 10:1 mechanical advantage, facilitating more efficient use and less effort when applying pressure. Metal construction and comfort: The combination of durable metal with ergonomically moulded soft grips ensures comfortable and efficient use over extended periods of time. Quick release cam: Equipped with a cam system that allows for quick and hassle-free cable insertion, optimising time and effort in every use.

*Also suitable for the main wire tensioners on the market.
