European National Regulations on VOC Emissions

MO-VH

supplied by

Index Técnicas Expansivas

The sample of sealant was supplied to Eurofins Product Testing A/S on the 22nd of December 2023. The emissions were tested according to the regulations in Germany, France, Belgium and Italy. The test is in accordance with German AgBB (2024) and the guidelines of the DIBt (2024), the German ABG (2022), the French legislation of 2011 on emission classes as specified in decree no 2011-321, the Belgian Royal Decree C-2014/24239 and the Italian CAM DM 23 giugno 2022 n. 256, GURI n. 183 del 6 agosto 2022. Sampling, testing and evaluation were performed according to EN 16516, ISO 16000-3, ISO 16000-6, ISO 16000-9 and ISO 16000-11 testing standards (see the test report no. 392-2023-10603401_A_EN).

The tested sample complies with the European regulations as mentioned below:

- French VOC Regulation of March and April 2011 showing emission class:
- German ABG/AgBB
- Belgian VOC
- Italian CAM

The tested product complies with referenced European regulations as of 21 April 2026.

21 April 2026
